Get To The Point

The point is that you will save money when you ship your containers via the new Ramp Point at Barbours Cut Terminal, the Port of Houston's new multi-modal facility. Southern Pacific Railroad has taken independent action to designate this new Ramp Point, which minimizes drayage charges, saving you as much as $126 per container. S.P. has no per-car additive, as you will find at some ports, thus making it even more economical to ship via the Gulf's most modern multi-modal facility, Barbours Cut Terminal.

Now-Armada doubles the service to West Africa

We're making shipping to West Africa easier than ever with 2 separate services - one direct to Lagos Apapa, one to 8 other West African ports.

I. Lagos Apapa direct
Now you can ship direct to Nigeria, using the new Tin Can Island Terminal at Lagos Apapa. Your breakbulk cargo arrives on time - each month - handled with care by Armada experts. This direct express is just one more part of Armada innovation and to be the best in West African trade, acutely aware of your shipping needs.

II. 8 other ports
Tenerife, Dakar, Freetown, Monrovia, Abidjan, Tema, Lome and Douala. Armada serves these 8 ports with another regular monthly service for all types of cargo: heavy-lift, breakbulk and containers. We're reliable, efficient and economic. And, with double the service, most convenient.

Sailing Houston, New Orleans, Savannah, Baltimore and New York. Call Hansen & Tidemann, Inc. for the next sailing dates.

Rest easy.
